OCTOBER 2026 TO DECEMBER 2027

Month by Month: Your Road Off the Dialer.

What to do every day, every week and every month for 15 months, from dialing agency leads to running your own agency on leads you own.

Prepared for Bradley Vilsaint, Founder

September 2026

THE YEAR AT A GLANCE

15 months. One direction.

Each month has one theme, a daily routine, weekly quotas, one-time tasks and a check at the end. Move to the next phase only when you hit the trigger. Dates are targets. The numbers are the rule.

Month	Theme	Your time on your own business	Own-lead share target
Oct 2026	Set up	60 to 90 min a day	Start tracking
Nov 2026	Open Enrollment rush	60 min a day	10%
Dec 2026	Deadline month	60 min a day	20%
Jan 2027	Close OE, keep every client	90 min a day	20%
Feb 2027	Tax season partners	90 min a day	25%
Mar 2027	Groups and ads	90 min a day	35% (trigger)
Apr 2027	Start the shift	2 hours a day	40%
May 2027	Be the face	2 to 3 hours a day	45%
Jun 2027	Finish line check	3 hours a day	50% (trigger)
Jul 2027	Your own contracts	Half days	60%
Aug 2027	Systems and first hire	Half to full days	70%
Sep 2027	Get ready for OE 2028	Full days	80%
Oct 2027	Book review season	Full days	90%
Nov 2027	First OE on your own	Full days	100%
Dec 2027	Off the dialer	Full days	100% for 3 months

"Own-lead share" = sales from leads you generated ÷ all your sales. Agency leads are labeled "Bought lead" in your portal; everything else is yours. This is the one number that tells you when to cut dialer hours.

YOUR DAILY TEMPLATE

The same four blocks, every working day.

The minutes grow as you move through the year, but the order never changes. Own leads first, then the dialer, then building.

Block	What you do	Never skip
1. Morning leads 7:30 to 8:15 AM	Call back every own lead from overnight. Reply to partner texts and emails. Check the portal's New Lead column and callbacks.	Every own lead called within 5 min of arrival during the day
2. Dialer Agency hours	Dial the agency's warm leads at full effort. Between calls, glance at New Lead. After every sale, ask for a referral.	The referral ask
3. Build block Lunch, 30 min	That day's engine task (below).	One engine a day
4. Be seen Evening, 30 min	One post or one short video, plus review requests to this week's sold clients.	One piece of content

Build block by weekday

Monday	Tuesday	Wednesday	Thursday	Friday
Clients Text 5 past clients: check in, ask for a referral or review	**Partners** Reach out to 5 new partners, follow up with 2	**Small business** Email 10 businesses, call anyone who opened twice	**Website** Improve one page or ask Claude for one	**Scorecard** Fill it in, pick one fix, plan next week

When a new own lead comes in

- [ ] Call within 5 minutes. One click from the portal card.
- [ ] No answer: voicemail plus text. Try again in 1 hour and that evening.
- [ ] Call once a day for 5 days, at different times. Email a rough price on day 2.
- [ ] After day 5 the 30-day email follow-up runs on its own.

Each month page tells you what changes: how many minutes, which engines get extra time, and what one-time tasks to finish.

October 2026

Get protected, organized and fast.

PHASE 1 · SET UP

Open Enrollment starts November 1. This month you set up everything so that every own lead in the busiest season gets called fast and every past client gets a review.
